

Welcome to Eat & Meet

Xmas Edition!

Get excited, you are one of the few selected people invited to Eat & Meet: Xmas Edition. If you lose your train of thought during your speed date, see some conversation appetizers below.

When you hear a jingle bell ring, please move on to your next meet!

CONVERSATION APPETIZER

What is your families' special dish at Christmas?

Do you have a special Christmas tradition?

Reflecting back on this year, what was the best moment in your job?

We will post our experience on Workplace, but sharing your joy in the comments would be a Christmas present indeed.

Welcome to the Eat & Meet Café!

Today you will have a very special lunch; namely one where you finally meet your Eat & Meet blind lunch date! Below you find an à la carte menu, catered to your own choices. Whether it's the location you eat or the conversation you will have. We know you're excited, so let's get started!

Conversation Menu

Starters

Decide where you want to have lunch.

Let's break the ice with some starters:

- *What's the coolest thing you're working on right now?*
- *What is your favourite 0.0% beer? Did you participate in Dry January?*
- *Tell me something odd about yourself that even your teammates don't know?*
- *Which of your colleagues would you like to swap places with for a week?*
- *Do you have New Year's resolutions that are still going strong?*

Main course

Now we get to the heart of your conversation.

Pick any of the main course options:

- *When was the first moment you got in contact with HEINEKEN?*
- *What do you want to develop in 2020?*
- *If you could work for another OpCo, which OpCo would that be and why?*
- *What have you achieved in your job that you are most proud of?*
- *No matter how little, what was an unexpected turn in your career?*
- *Name someone within HEINEKEN that inspired you. Why do they inspire you?*

Dessert

To round off your lunch: how can you help each other after this conversation?

Hand over your badge and menu at reception

Share your experience on Workplace with a photo and comment!
